Start Highbay High Efficiency

Efficiency, functionality and reliability

Start Highbay HE is an upgraded range of industrial fixtures developed for applications including storage facilities, retail, manufacturing, airports and data centres.

Start Highbay HE is available in 2 versions (Small - 11,000lm and Large - 22,000lm) and 2 beam angles (medium or wide beam), allowing you to choose the best option depending on the job at hand.

Start Highbay HE delivers high performance: up to 22,000lm (luminaire lumen output on Large version), equating to 140 lm/W (total system efficiency).

Being part of the EVO LED range of luminaires means **Start Highbay HE** has been developed for efficiency, functionality and reliability; making it the go-to range for installers and contractors.
