

## Bright and compact

ToLEDo G4 and G9

A bright, omni-directional and energy efficient retrofit replacement for the popular halogen low voltage and mains voltage capsule lamps. Ideal for chandeliers, interior display lighting, shop windows, task lighting, decorative luminaires, restaurants, hotels etc.

# ToLEDo G4 and G9

ToLEDo G4 and G9 are retrofit replacements for traditional halogen capsules. 300° omni-directional light distribution, high lumen efficacy of 114lm/W and innovative design make it a bright, all-around solution for decorative and general lighting applications.

ToLEDo G4 and G9 are a simple and sustainable solution, lasting up to 15 years and reducing electricity consumption by 90%.

## Features

- LED retrofit replacement for traditional halogen mains and low voltage capsules
- Compact design
- 300° omni-directional light distribution
- Range:
  - Low voltage: 12V  
2.2W 200lm G4
  - Mains voltage: 220-240V  
2.1W 200lm G9  
3.5W 400lm G9
- High lumen efficacy: up to 114lm/W
- Up to 90% energy saving
- A++ energy rating
- Non-dimmable
- Suitable for chandeliers, interior display, shop windows, decorative and general lighting applications
