Stäng av

To optimise lamp and ballast performance, it is recommended that the luminaire ballast is tapped at the nominal voltage that is within 5 volts of supply voltage.
 for example:
 243V supply - use 240V Tapping
 248V supply - use 250V Tapping

This luminaire is suitable for interior wall mounting.

Installation should be carried out by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.

Switch off mains electrical supply before commencing installation.

Installation Procedure

Prepare suitable fixings in mounting surface at 110mm centres.

Partially screw suitable round headed screws into fixings.

Unscrew cover fixing screws and remove cover (A).

Pass mains supply/earth leads through slot in housing (E).

Locate housing keyhole slots over fixing screws, insert slip washers (B) behind screw heads and tighten screws, ensuring housing is horizontal.

Cover supply leads with supplied silicone sleeving (C) and connect leads in their respectively marked terminals in fused terminal block.

NOTE: Ensure mains supply leads are routed away from ballast (J).

Ensure voltage tapping lead (H) is connected to appropriate ballast terminal - see diagram.

Fit cover (A).

Fit appropriate lamp/s as indicated on label (F).
 NOTE: Do not handle lamp/s with bare fingers.

Place glass (G) in position with opaque area face down.

NOTE: This luminaire should be cleaned using warm soapy water and a soft cloth. Ensure luminaire is switched off during cleaning.

Dispose of lamps in accordance with manufacture's instructions.

Suitable for use indoors
 Geeignet für Innenanwendung
Pour un usage interne
 Adecuada para uso en interiores
Geschikt voor gebruik binnen
 Lämplig för inomhusbruk

Replace any cracked protective shield.

Dieses symbol bedeutet, dass defekte Schutzgläser sofort ersetzt werden müssen.

Ce symbol indique que vous devez remplacer tout verre de protection fêlé.

Este símbolo indica que hay que reemplazar filtros en caso de rotura o desperfectos.

Dette symbolet indikerer at alle ødelagte (sprukne) sikkerhetsglass må skiftes.

Valaisinta ei saa käyttää ilman suojalasiasa vioittunut suojalasi on vaihdettava uuteen ennen valaisimen käyttöön ottoa.
