These luminaires are designed for use in interior situations only and may be mounted onto normally combustible surfaces.

These luminaires should be installed by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.

Switch off mains electrical supply before commencing installation.

Installation Procedure

Switch off mains electrical supply.

On the 2359C1 type disconnect the reflector springs using round nosed pliers or a small screwdriver. Remove the reflector.

Loosely fit the mounting screws in the conduit box mounting surface.

Connect the flying leads to the corresponding mains supply leads using a suitable terminal block (not supplied).

Locate the terminal block in the conduit box and engage the slots of the insulator on the screws.

Engage the keyhole slots of the gallery on the mounting screws and tighten the screws.

Re-fit the reflector to the 2359C1 types.

Fit the appropriate lamp as indicated on the rating label.

WARNING: This luminaire must be earthed.

NOTE: This luminaire should be cleaned using warm soapy water and a soft cloth. Ensure that the luminaire is switched off during cleaning.

Dispose of lamps in accordance with manufacturer's instructions.

Suitable for use indoors

Geeignet für Innenanwendung
Pour un usage interne
Adecuada para uso en interiores
Geschikt voor gebruik binnen
Lämplig för inomhusbruk

Replace any cracked protective shield.
