This luminaire is suitable for interior ceiling or wall mounting to a 50.8mm conduit box or directly to a mounting surface.

Installation should be carried out by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.

Switch off mains electrical supply before commencing installation.

Installation Procedure

Remove diffuser (D) by easing it out of retaining clips (E).

Check that the rating marked on the label (G) conforms with mains electrical supply.

Partially screw suitable M4 screws in conduit box, or alternatively, prepare suitable fixings in mounting surface for outrigger fixing holes (C).

NOTE: For wall mounted applications, secure gallery (H) with lampholder (F) at the top.

Pass mains supply cable through gallery.

Locate keyhole slots (A) over conduit box screws and secure in position, or secure to mounting surface using suitable round headed screws through outrigger holes (C).

Connect mains supply cable leads to their respective terminals in terminal block (B).

Fit appropriate lamp as indicated on label (G) by pushing it firmly into lampholder (F).

Fit diffuser (D) by pushing it evenly into retaining clips (E).

WARNING: This luminaire must be earthed.

NOTE: This luminaire should be cleaned using warm soapy water and a soft cloth. Ensure luminaire is switched off during cleaning.

Dispose of lamps in accordance with manufacturer's instructions.

Suitable for use indoors

Geeignet für Innenanwendung
 Pour un usage interne
 Adecuada para uso en interiores
 Geschikt voor gebruik binnen
 Lämplig för inomhusbruk

Replace any cracked protective shield.

Dieses symbol bedeutet, dass defekte Schutzgläser sofort ersetzt werden müssen.
