This fitter has been designed for use with Group 2 and 4 poles and the Sphereline range.

Installation should be carried out by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.

Switch off mains electrical supply before commencing installation.

Installation Procedure

Unscrew fixing screws (E) and remove housing (B) from fitter (C).
 To prevent condensation forming in sphere, drill a 5mm diameter hole (G) in fitter. (Vertical installations only).

Pole Mounting (Group 4)

Place drain washer (I) over spigot (J), screw spigot in fitter and tighten locking screw (F).
 Fit seal (L) on spigot (K). Feed supply cable from pole top through fitter/spigot assembly.
 Insert spigot in pole top and secure with screws (M) supplied. Allow sufficient cable to protrude from fitter for connections and tighten cable clamp screw (K).

Pole Mounting (Group 2) - Fig. 1

Place nylon washer (B) and drain washer (A) over spigot (C), screw spigot into fitter and tighten locking screw (F - main illustration). Fit sealing washer (G) on spigot base. Feed supply cable from pole top through fitter/spigot assembly, allow sufficient cable to protrude from fitter for connections and tighten cable clamp screw (D). Align spigot slots (F) with holes in pole top and secure with screws (E) supplied.

Arm Mounting - Fig. 2.

Feed supply cable from arm through fitter, screw fitter on arm elbow, ensure drain hole (A) is positioned over elbow cut-out, and screws (B) are clear of arm. Tighten locking screw (F - main illustration).

Horizontal / Inverted Spheres - Fig. 3.

Drill a 6mm diameter hole at lowest point, fit T screw (A), screw on drain plug (B) and cut off excess thread flush with plug.

ALL Mountings.

Connect supply cable leads and leads from gear housing in terminal block (D). Connect earth leads to earth terminal (H).
 Place gear housing on fitter, screw fixing screws (E) in, 2 or 3 turns, to loosely hold housing.

Fit appropriate lamp as shown on label (A). Position sphere between gear housing and fitter. Ensure sphere is concentric on sealing ring and tighten screws (E).

WARNING: This luminaire must be earthed.

NOTE: This luminaire should be cleaned using warm soapy water and a soft cloth. Ensure that the luminaire is switched off during cleaning.

Dispose of lamps in accordance with manufacturer's instructions.

Suitable for use indoors

Geeignet für Innenanwendung
 Pour un usage interne
 Adecuada para uso en interiores
 Geschikt voor gebruik binnen
 Lämpligt för inomhusbruk

Replace any cracked protective shield.

Dieses symbol bedeutet, dass defekte Schutzgläser sofort ersetzt werden müssen.

Ce symbole indique que vous devez remplacer tout verre de protection fêlé.

Este símbolo indica que hay que reemplazar filtros en caso de rotura o desperfectos.

Dette symbolet indikerer at alle ødelagte (sprukne) sikkerhetsglass må skiftes.

Valaisinta ei saa käyttää ilman suojalasia vioitunut suojalasi on vaihdettava uuteen ennen valaisimen käyttöön ottoa.
