**Débrancher**  
**Desconectar**  
**Uitschakelen**  
**Stäng av**

This luminaire is suitable for interior ceiling installation to a flush mounted conduit box having 50.8mm fixing centres, or directly to mounting surface.  
 The luminaire can be readily converted to form an emergency unit, which when used in conjunction with a remote auxiliary power module will provide emergency operation with a three hour duration.  
 Installation should be carried out by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.  
 Switch off mains electrical supply before commencing installation.

**INSTALLATION PROCEDURE**  
 Check that rating marked on label (C) conforms to mains electrical supply.  
 Partially screw suitable M4 screws in conduit box lugs or prepare suitable fixings in mounting surface at 195mm centres if using outrigger fixing holes (F).  
 Pass mains supply cable through central gallery hole and luminaire/module connection cable if applicable, through grommets hole (A).  
 Locate gallery keyhole slots (G) over conduit box screws and tighten screws or secure to mounting surface using suitable round headed screws through outrigger holes (F).  
 Connect mains supply cable leads in respectively marked terminals in terminal block (J).

If installing as an emergency unit, remove the three links from 6-way terminal block (K).  
 Secure luminaire/module connection cable in cable clamp (L) and connect coloured leads to their respectively marked terminals in 6-way terminal block (K).  
 Affix warning label (B) supplied, if installed as emergency unit.  
 Fit appropriate lamp as indicated on label (C) by pushing it firmly in lampholder (D).  
 Manoeuvre glass diffuser (E) in gallery (H) ensuring lugs are located on gallery rim.

**WARNING: THIS LUMINAIRE MUST BE EARTHED**

**Replace any cracked protective shield.**

Dieses symbol bedeutet, dass defekte Schutzgläser sofort ersetzt werden müssen.

**Ce symbol indique que vous devez remplacer tout verre de protection fêlé.**
