 Stäng av

This luminaire is suitable for interior wall mounting.

Installation should be carried out by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.

Switch off mains electrical supply before commencing installation.

Installation Procedure

Fig. 1.

Remove the lamphousing screws (G&I) and wallplate (C) from the lamphousing (H).

Pull the terminal block (F) from the locating pin (E).

Pass the mains supply leads through the wall plate entry hole (D) and secure the wall plate in position using suitable screws through the top fixing slots (A&B) or alternatively through the top slot (B) and lower hole (L).

For securing to a flush mounted conduit box having 50.8mm fixing centres, use suitable M4 screws through the slots (M).
 NOTE: For surface wiring pass the supply cable through the aperture (J) and secure in the cable clamp (K).

Connect the mains supply leads in the terminal block (F) and push the block onto the locating pin (E).

Secure the lamphousing (H) on the wall plate (C) with fixing screws (G&I), ensuring that the leads are not trapped between the wallplate and the lamphousing.

Fitting Lamp - Fig. 2.

Remove grill screw (A) and open grill (B). Insert and push one end of the lamp into a lampholder, locate the other end of lamp in opposite lampholder and release lamp.

IMPORTANT: Do not handle lamp with bare fingers.

This luminaire must be earthed.

NOTE: This luminaire should be cleaned using warm soapy water and a soft cloth. Ensure that the luminaire is switched off during cleaning.

Dispose of lamps in accordance with manufacturer's instructions.

Suitable for use indoors

Geeignet für Innenanwendung

Pour un usage interne

Adecuada para uso en interiores

Geschikt voor gebruik binnen

Lämplig för inomhusbruk

Replace any cracked protective shield.

Dieses symbol bedeutet, dass defekte Schutzgläser sofort ersetzt werden müssen.
