This luminaire is suitable for interior wall mounting.

Installation should be carried out by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.

Switch off mains electrical supply before commencing installation.

Installation Procedure

Unscrew mounting screws (C) with 2.5mm hexagon key, remove mounting bracket (I) and disconnect earth lead (G).

Prepare fixings in mounting surface at 70mm centres for mounting bracket (I).

Pass supply leads and earth lead through grommet in mounting bracket (I) and secure bracket using suitable round headed screws ensuring bracket is horizontal.

Remove plug (E) from socket and connect mains supply/earth leads in respectively marked terminals in plug.

Push plug into socket and connect earth lead (G) to terminal on mounting bracket.

Offer housing (A) to mounting bracket (I) and locate bracket flange between housing (A) and retaining bar (D). Tighten mounting screws (C) with hexagon key.

Check housing (A) is square with mounting surface. If not, remove housing and adjust levelling screw (F) to suit.

Fit appropriate lamp as indicated on label (B). NOTE: Do not handle lamp with bare fingers.

Slide glass (K) in position.

WARNING: This luminaire must be earthed.

Suitable for use indoors
 Geeignet für Innenanwendung
 Pour un usage interne
 Adecuada para uso en interiores
 Geschikt voor gebruik binnen
 Lämplig för inomhusbruk

Replace any cracked protective shield.
