Stäng av

Installation should be carried out by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.

Switch off mains electrical supply before commencing installation.

Installation Procedure

Remove fixing screw (L), disconnect earth lead (D) and remove mounting bracket (A).

Prepare suitable fixings in mounting surface for mounting bracket (A) at 170mm centres for TRW 070 and TRW 150 or 200mm centres for TRW 250.

Pass supply and earth leads (C) through mounting bracket grommet (B) and secure mounting bracket in position using suitable round headed screws. Ensure bracket is horizontal.

Remove plug (F) from socket (E) and connect supply and earth leads in respectively marked terminals in plug.

Check that the voltage tapping lead is in the correct terminal in ballast (G).

Push plug (F) in socket (E) and connect earth lead (D) to mounting bracket terminal (M).

Place housing (J) on mounting bracket (A) and secure with fixing screw (L), ensuring housing is horizontal.

Fit appropriate lamp as indicated on label (H).
NOTE: Do not touch lamp with bare fingers.

Place glass (K) in position with opaque area to the back.

WARNING: This luminaire must be earthed.

Suitable for use indoors
Geeignet für Innenanwendung
Pour un usage interne
Adecuada para uso en interiores
Geschikt voor gebruik binnen
Lämplig för inomhusbruk

Replace any cracked protective shield.
