This luminaire is suitable for interior wall mounting.

Installation should be carried out by a suitably qualified person in accordance with good electrical practice and the appropriate national wiring regulations.

Switch off mains electrical supply before commencing installation.

**INSTALLATION PROCEDURE**

Check rating marked on label (B) conforms with mains electrical supply.

Remove fixing screw (F) to release mounting bracket (C), and secure bracket horizontally to mounting surface using suitable fixings or to conduit box using conduit box cover plate (D) if applicable.

Connect mains supply and earth leads in respectively marked terminals in housing terminal block.

Connect earth lead from mounting

bracket (C) in housing terminal block.

Secure housing (A) to mounting bracket (C) with fixing screw (F).

Check that housing (A) is square with mounting surface. If not, remove housing and adjust levelling screw (E) to suit.

Fit appropriate lamp as indicated on label (B) in lampholders.

Locate glass (G) in position in reflector housing.

**NOTE:** Reflector housing can be slightly tilted up or down if required.
